I squirm in the restraints, trying not to pee myself, even when he starts to pry my rectum with the probing phallus. It's not easy to relax my ass and clench my urethra at the same time, but I can be a stubborn little bitch when I want.

The big, powerful vibrator lashed to my thigh thumps away on my clit until I face a new dilemma: whether I need to come or piss first. Naturally, the choice isn't left up to me. I'm pinioned, writhing in uncontrollable spasms as the relentless machine pushes me past the howling point. And then I have to go really bad—*now!*

I beg. I plead. I babble. Finally the ropes come off and I sprint for the toilet, where I come again from sheer relief while the yellow tide surges against the porcelain.

When did your interest in fetish modeling begin?

A few years ago. My first was when I was 19.

Do you dance as well?

Yes, I was a dancer consistently for five years straight. I enjoyed it and I enjoyed being my own boss but I decided to go a different route and get into porn.

What made you decide to do that?

Well, there's not that much exciting about dancing. You do it once you do it all. It's just the same thing over and over at every club and I was a traveling dancer for a long time and I've seen it all.

What were some of the more unusual requests you got when you were dancing?

I've had a few...one of them was when I got asked to kick someone's balls. That intrigued me so I was like maybe. But, I don't want to get sued. I was too scared to do it back then but not really anymore. I also got asked for someone to smell my armpits. I wasn't sure if I stunk so I said no because I don't really have a good sense of smell. I've gotten asked pretty much anything and everything while I was at the club or the gas station. I know it sounds weird but I went to the same gas station every time after work and I think more people started to go there too. But not just for me, other girls that I danced with would go there too because it was a nicer gas station.

So was it mostly the customers from the club that would go there?

Yes because so many hot girls from the dance club would go after work. It was starting to get known around town.

How long have you been doing video?

Off and on for a few years. I do both boy/girl and girl/girl.

Do you consider yourself bisexual, straight or...?

I'm open.

Are there fetishes that you would like to try that you haven't yet?

I have a serious thing for legs. I can get off just looking at someone's legs. Not a joke. I love legs. I also enjoy choking. I'm really into it and I don't really need to tap out.

Do you practice that type of fetish in your private life or professional life?

No not really because no one will let me choke them out yet. I tend to get too excited about the neck area in general. I start to caress it and then I'm done and I can't even get to the choking part.

How do you feel about anal sex?

Maybe one day but it would take a long time for me.

Did something happen?

Yeah, I had two terrible experiences... one guy had a dick piercing and I told him there was no way in hell I'm letting you in this asshole with that but I let him do it anyway. It really hurt my asshole a lot. Then I let him do it again and he took out his piercing and was super excited about it but he jizzed in my ass and that was uncomfortable.

Do you like to spank or get spanked?

I like to spank. Very few people know how to spank me right. So, at the moment, I'm the one doing the spanking.

Who is dominant when you do girl/girl scenes?

Actually I'm a switch. I can go either way, but for a girl, yeah, I like to dominate. Sometimes with a guy, if he's strong and can choke me well and can throw me around, I am totally down. Just to get tossed around is really fun!

What about wrestling?

OMG I love it! Especially when it's serious wrestling! We're just playing at first, but then it starts to get really rough. I love that! The best sex of my life. It still makes me blush.

Would you be able to kick someone in the

balls now with no problem?

Oh yeah! Now I would. I totally would like to do that. I love balls! I would kick them, hard as they want! After, I would caress and pet them. Total tease!

How do you feel about peeing?

Well, what a lot of people don't know about me is that I can pee at any time. I love to pee in general because it feels good and I always need to pee. But I'm a pretty impressive peer. I pee all the time in the car when I'm stuck in traffic. I've got bottles in my car just in case. I actually have three bottles in my car right now in case I get stuck in traffic. With a sports drink bottle, I can pee perfectly into it without spilling. Today is actually the first time I've peed on myself in a long time unless I was in the shower and I did it on purpose.

What about peeing on someone?

Yes, I've done that a lot. I'll piss on anyone anywhere! In the shower, bedroom or wherever. I enjoy it!

Have you been peed on?

Yes, I have. In the shower. Haha.

Have you ever peed through your clothes?

Yes, multiple times. And no I don't have any kids, LOL. I get asked that all the time. I just like to pee. If I sneeze too hard I pee or if I cough a little too hard. It's crazy.

What's your favorite sex position?

Anything that I can sit on and see their orgasm face. That turns me on. No doggy-style obviously.

What else would you like your fans and TABOO readers to know about you?

I'm just a weird person and have weird fetishes and I haven't had a sense of smell for over ten years. I lost my sense of smell from medicine and it never came back.

Do you miss it?

It's strange but I honestly don't remember what things smell like. I used to lick everything to get a better feel for it.

ANAL ADVISOR

by Tristan Taormino

PHOTOS OF LAYLA AND LEXINGTON BY LEE FORBES

dear anal advisor

My husband and I have recently stopped drinking. In the past, while intoxicated, my husband's cock was much easier and more pleasurable to take in my ass. Now I have a difficult time relaxing. Even when I do, there is a burning sensation that I can't seem to get past, which makes me tense up even more. We're using plenty of lube, and my husband always starts off with oral and a finger. Still no joy. Please I need help!

—sober and sidelined

dear sober

I won't deny that many people like to combine alcohol and/or drugs with anal sex in order to relax, lower their inhibitions and let go a little. However, the same drinks and drugs that can help you let your hair down can also affect your judgment and your ability to observe your own boundaries. When people write to me and say, "I can only have anal sex after five drinks," I shake my head. I think it's really important to be present and fully connected to your body in order to fully and safely embrace anal play.

I suspect that you got used to having anal sex while you were drunk, and you're stuck on that being the only way you can enjoy it. Perhaps you've never experienced great anal sex sober, and your anxiety about what it might feel like when you're not tipsy makes you tense. That tension leads to pain, initiating a vicious cycle.

Cut yourself some slack, and ease off a bit. Maybe you need to start back at square one and not progress to a cock until you can fully appreciate fingers or small toys. I think you should celebrate your new sobriety and the opportunity

it affords you to have new kinds of sexual experiences. Give yourselves plenty of time to adjust to your changed circumstances. It will be worth it.

dear anal advisor

My wife seems to like the naughtiness of receiving my dick up her ass, but I don't think she really enjoys it physically. We haven't done it that much, but when I get it in there, she does her sexy groan like when she's going to come from a good licking, but I'm not sure what I'm doing feels that good to her. Part of the problem may be that we haven't used much lube except her cunt juice. I'm a little afraid to ask her if she wants anal sex or not because she may say no, and I don't want to go there. We've talked about it outside of the bedroom, and she says she accepts it because she knows it turns me on, and she likes to submit to my power over her. She's very much in tune with her body and loves trying new things. Any advice on getting her more into it?

—can't read her mind or her ass

dear can't read

Before you think about getting your wife "more into" anal sex, you need to figure out if she's into it at all. Though you've talked with her a little bit about the subject, you need to discuss it a lot more. She says she does it to please you, but does she enjoy any other aspect of it besides the pleasure it brings you? It troubles me that you've avoided asking her direct questions for fear that her answers might not be the ones you want to hear. You need to be honest with each

other about your desires and needs when it comes to anal sex—or any other kind for that matter.

As for the lack of lube, well, that's not helping matters. You absolutely need lube to make penetration comfortable for her. Her vaginal secretions aren't enough. But first and foremost, her desire must be there for anal sex to be a shared delight instead of an endured torment.

dear anal advisor

I am very into anal play: rimming, butt plugs and especially anal beads. However, I have some apprehension about penetration with a cock. A friend of mine who indulges in anal sex told me that it made her ass, well, looser. It didn't leak as a result or anything, but she found that the initial penetration with various objects became easier after she started having it regularly. I'm concerned that if I start indulging in penetration with a penis, it will become noticeably easier to insert other non-human objects in my rectum. I'm particularly worried my husband might notice the difference, because I currently have a lover on the side to satisfy certain BDSM-related needs he can't. I'm afraid if I let my lover fuck my ass, my husband (who is way too big for anal penetration) will perceive some change and sus-

pect something is up. What advice can you give me so I can have the cock and not get in trouble?

—want outside cock up my ass

dear outside

Your friend who regularly has anal sex and now finds penetration easier is a little confused. Penetration done right will not make your ass looser or result in incontinence. These are myths. Anal penetration becomes easier with practice, not because you're all stretched out, but rather from getting used to relaxing your anal sphincter muscles. This makes it possible to accommodate bigger toys and/or penises.

I think what you're really asking is whether or not your husband will be able to tell if you're having an affair and getting regularly butt-fucked. There is no certain answer to this. Will he be able to tell just by looking? No. Will he figure it out if he plays with your ass? He'll probably observe that your ass can relax and open up more readily and in less time than before. How much suspicion this inspires depends on him and your relationship.

While I support the ideal of multiple partners to meet different sexual needs, everyone has to be on the same page. Your husband hasn't consented to your outside relationship, which makes the whole situation unfair to him. Ultimately, I can't really condone cheating, nor can I offer any tricks to help you not get caught.

dear anal advisor

I have had anal sex with many women. I always make sure my partner is relaxed, use my tongue and fingers, ample lube, etc. I've changed the opinions of many women who previously hated even the thought of anal sex. If they don't already know, I also make sure to educate them about how to clean their asses. However, it's been quite some time since I've had anal sex with a woman without it getting messy. I don't consider this particularly serious, and I always make sure the woman knows that this isn't a big deal, but I wouldn't mind some neater encounters. I have an average-size penis, but above-average stamina. I don't know if either has anything to do with what's been going on. Can you help me?

—good,
clean fun

dear clean fun

It sounds like you've been a model anal-sex partner, and what you're asking for is perfectly reasonable. Your cock size and stamina have nothing to do with your messy situations. As you didn't specify what you tell your partners about cleaning their butts, I suspect your advice in this area may be the problem. Pre-packaged enemas should be emptied, rinsed thoroughly and refilled with plain, warm water. Using this kind of enema right out of the box is a common mistake. The solution in the bottle contains a laxative, which is just what your partner doesn't need under the circumstances. Like a douche, a plain-water enema will clean the anal canal and lower rectum. For a deeper cleansing, she could opt for an enema bag, also filled with plain, warm water only. Whichever she chooses, she should do her enema at least two hours before your anal-sex date. This will give her body time to recover and make sure everything that was loosened up has been flushed out.

When did you start fetish modeling?

The first fetish shoot I did was for kink.com. I did an erotic shaving tutorial with another girl. She shaved my pussy and legs. The next day I did a shoot where I was beat up and electrocuted, it was really fun. I got struck by lightning at Burning Man...it struck a pole right next to me and I got hit from that. I wasn't effected by the electricity instead I couldn't stop laughing.

What kind of fetishes do you like and do you have an interest in fetish in your private life?

I fantasize about being bound and gang banged. I also fantasize about being with a bunch of black guys. I've never done interracial, but it's on my list of things to do. I really like black gloves when someone is fingering me. I like cum eating cock holes or having a guy eat cum out of my pussy. Nobody has ever done it but it's on my list of things I want to have done.

Why did you want to shoot for TABOO?

It's beautifully done and classy. I saw the issue with Elsa Jean's layout and I really liked it. It had a really cute pinup vibe. I also like that it's light bondage. My ego pushed me to want to be in a magazine and follow my dreams and express the side of me that is taboo. Plus I'd hopefully like to expand others to love and accept themselves by loving and accepting myself.

Have you ever been spanked?

Yes and I liked it but I just don't like to be spanked if I'm cooking dinner or something random. But in the bedroom, it's a great way to have fun. I like to get spanked sometimes when I'm getting fucked. That's hot!

What is the wildest thing you've ever done on set or in front of a camera?

I almost joined the mile high club over the Grand Canyon but I got sick from eating a Costco hot dog. I was really horny at Burning Man and in the middle of the night I got on a trampoline with netting all around it and it had jelly fish coming down over a canopy with these

big stuffed animals and I was sleeping in there with my friend and I started yelling "hello is anyone there?" "Does anybody want to fuck me?" Nobody came. Then I told my friend that I'm going to manifest a boy coming in here and fucking me. So I went to sleep and the next morning somebody came in there and we started talking and ended up fucking. We went back to my tent and kept fucking. He started to eat my pussy and then a bunch of people came in to the tent I started having a conversation with them while he was eating me out.

Have you ever been pissed on or pissed on someone?

I let my ex-boyfriend pee inside me because I wanted to see what it felt like. It didn't really work because he was soft and kept popping out.

What do you think about anal sex?

I've done it three times but each time wasn't that good because I felt pressured into it. So I'd like to try it again without the pressure.

Are you more interested in the art of fetish modeling or the sex of fetish porn?

I like fetish modeling because I really love shibari too and I love print photography. It's beautiful.

Is there anything you'd like the TABOO readers to know about you?

They can feel free to hit me up if they need someone to accept them for who they are with no judgment. As long as they are consensual adults and not dangerous then I'm fine with whatever.

Are you in a fetish lifestyle partnership?

I'm not really into being bossed around so I don't think I'd be in a submissive 24/7 type of thing. Submissive in the bedroom, playful kind of thing, OK. I'm my own person so that *Fifty Shades of Grey* shit isn't appealing to me. I am 100% polyamorous though.

When did you start lactating?

I started lactating after my daughter

was born in April of 2017. It actually takes about three days for your milk to come in which is interesting. Until it "drops" I produced this orangish fluid called colostrum which is considered liquid gold. One of my friends offered to buy some, but I felt weird taking nutrients from my baby so I passed.

Is the milk flow always the same, or are there times of more or less?

It's very consistent because I feed on demand. If I have a shoot and haven't seen my daughter all day my boobs get very full and hard. Sometimes milk will overflow out.

Does the milk ever come through your shirts/dresses spontaneously?

Not so much anymore but the first six months when I was strictly breastfeeding it would all the time. If I thought about it it would happen!

Do men/women find it a turn on?

Both do! There has been such a positive response to the milk scenes I've done in the mainstream. People on Twitter love it. I made a slow-mo video of me jumping up and down and spraying it, and the pattern it swirled in was mesmerizing. My scene "Breastfeeding the Babysitter" is the most upvoted scene of the last two years for Girlsway.com

Do they want to be fed?

I've had men beg me to feed them, change their diapers, stuff like that. Mommy fetish is very popular.

Have you ever done a girl/girl scene with other lactating women?

I have! I did a scene with the gorgeous and lovely Zoey Foxx. We found out we had so many things in common! We did a scene called "The Wet Nurse." I just saw the preview for it and as someone who usually heavily criticizes their own work, even I was like, "Oh my God this looks really hot." She didn't know she could spray her milk, but I showed her how. She's a great lover. I'm really excited to see what people think.

ANGELIQUE AND BLADE

PHOTOGRAPHER
SEKKICKS

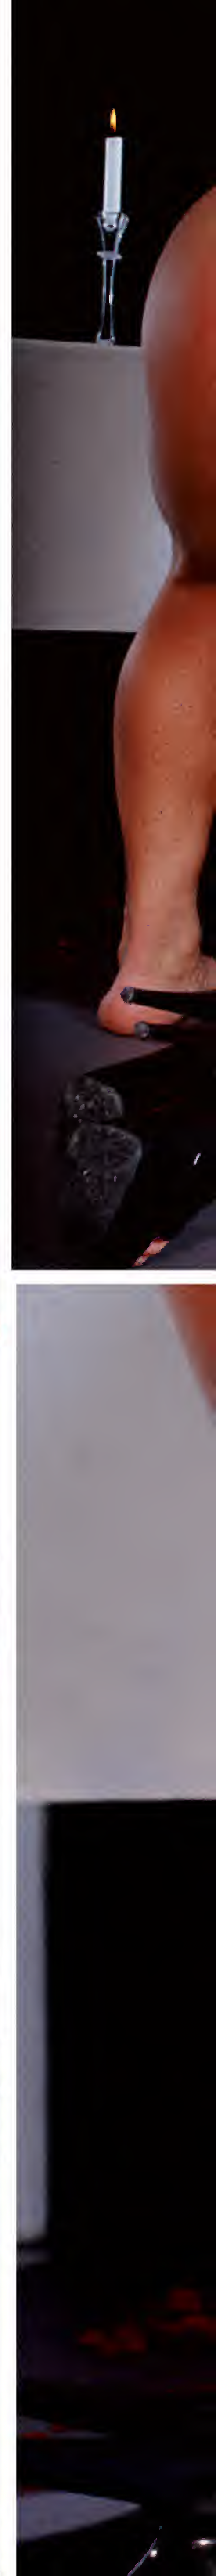

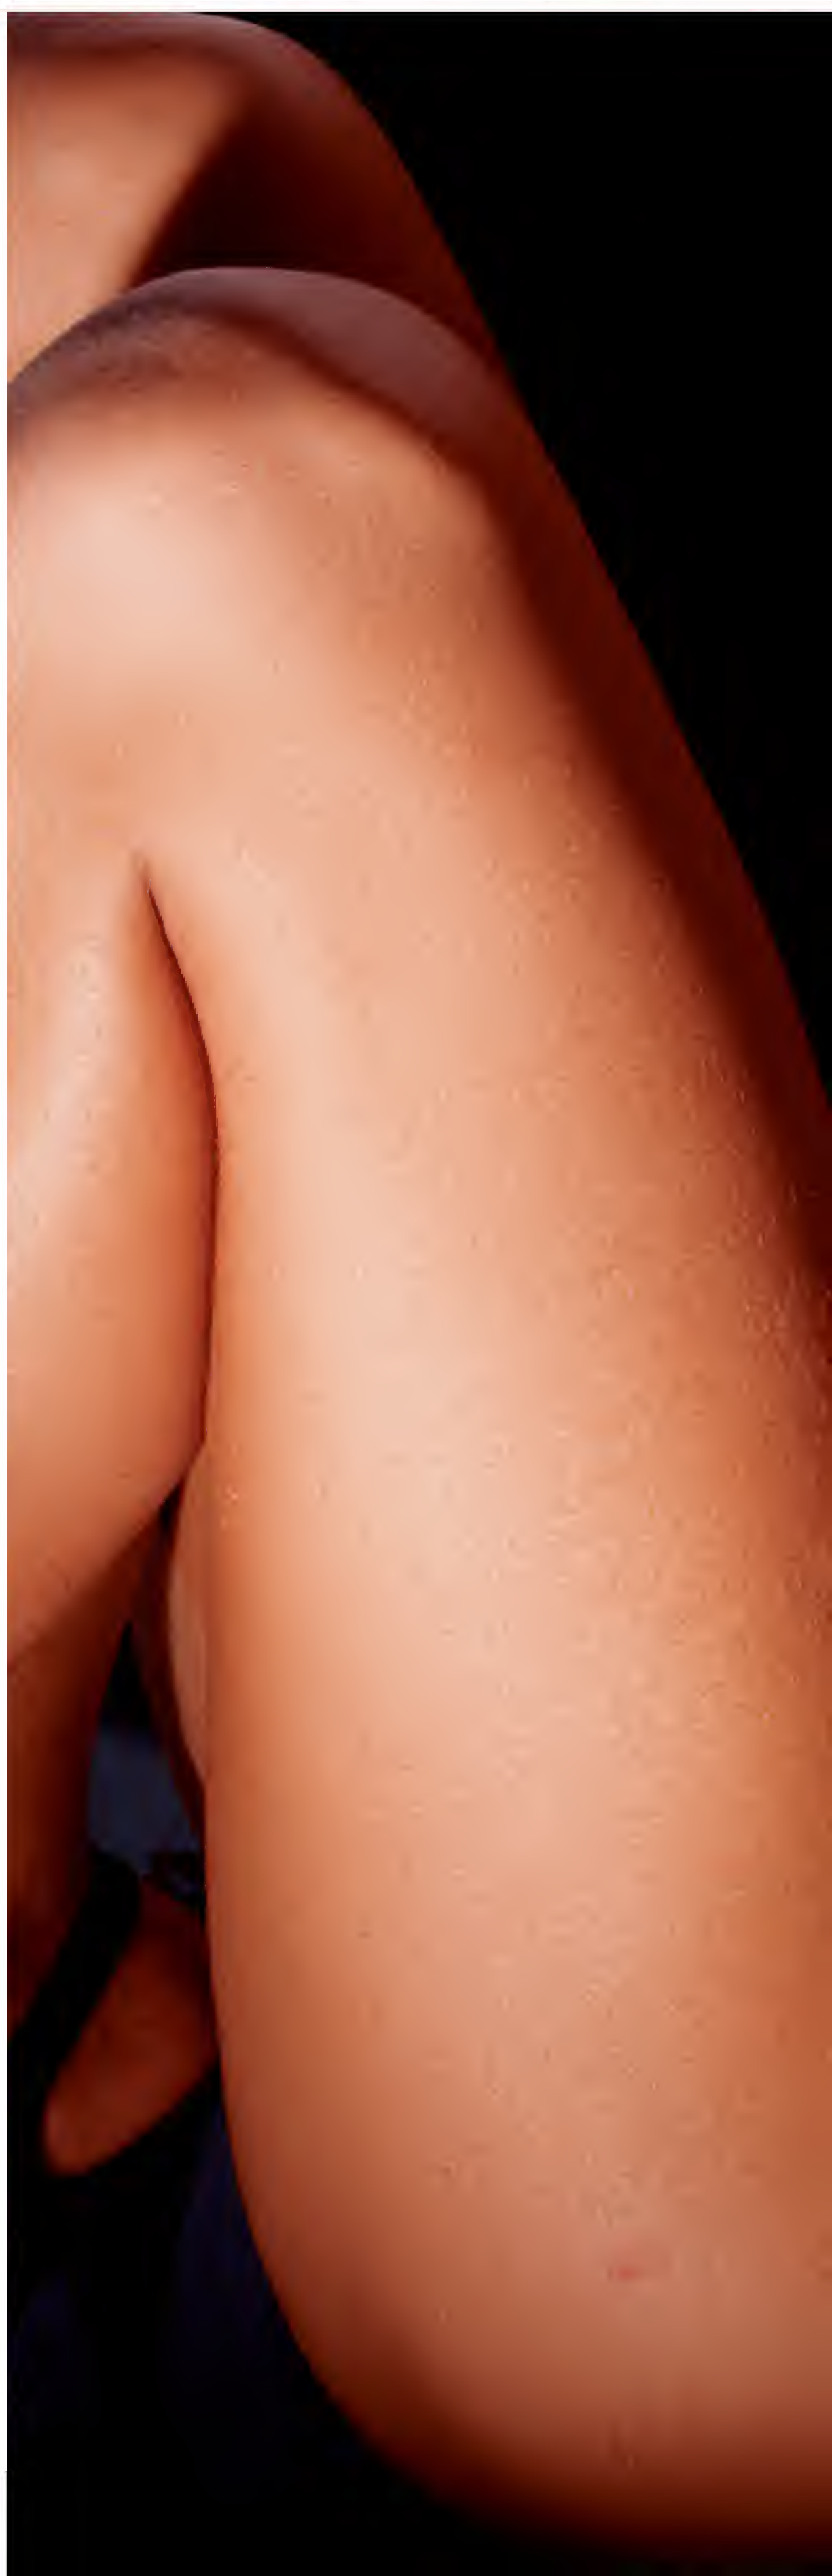

The thought of a birthday treat leaves Angelique excited and apprehensive. No telling what devilish fun Blade might cook up. In the rude latex bits he's chosen for her, she definitely won't be dining out. But she will be seated at a table with fine linens, given a glass or two of wine and spoon-fed a rich amuse-bouche. It's guilt-free, since she's not even allowed to use her own hands, at least at first. Feeling the cold spoon on her bare nipples and seeing the cold look in Blade's eye, Angelique has no doubt what meat will be the main course.

The Master eats first, of course, and quite expertly at that. Holding herself wide open, she lifts her hips to help him ease the conical plug into her ass. After all, it is a special occasion. And while she's getting stretched, she can enjoy her birthday spanking. Her age doesn't merit a whole lot of strokes, but he makes them count, alternating between the stiff crop and the stinging cat.

And then it's straight to Angelique's greased and gaping tailpipe. It's so rude, she comes almost immediately, but he holds back while she has a couple more. She'll really have to show correct appreciation now, taking his hot, slimy cock straight from ass to her glossed lips. Now for the final frosting of dessert.

IN THE NEXT ISSUE OF HUSTLER'S TABOO®

Poor little Gia Derza! She has sure gotten herself into quite a serious predicament.

Her tender tits have more than one set of clamps on them. Her nipples throb, and in turn, so does her pretty, aching, pink clit. She needs relief soon; let's hope she gets it!

Lovely Kendra Spade makes her TABOO debut next month. Tied and tormented at the hands of Lightworship, she whimpers and suffers so beautifully.

Many more peeing babes, bondage delights and a few video reviews on deck. See you then!
